Decision No. 08-7, but as revised and updated in the most recent draft working copy of the MCS available on the Commission's website.²

This additional GEPS 3 contract is intended to become effective on June 15, 2015. The agreement that is the subject of this docket is set to expire one year after its Effective Date.

III. Functional Equivalency of GEPS 3 Contracts

This GEPS 3 contract is substantially similar to the contract filed in Docket No. CP2010-71. The contract shares similar cost and market characteristics with that contract. In Governors' Decision No. 08-7, the Governors established a pricing formula and classification that ensure that each GEPS contract meets the criteria of 39 U.S.C. § 3633 and the regulations promulgated thereunder. Therefore, the costs of each contract conform to a common description. In addition, the MCS requires that each GEPS contract must cover its attributable costs. The contract at issue here meets the Governors' criteria and thus exhibits similar cost and market characteristics to the previous GEPS contracts.

The functional terms of the contract at issue are the same as those of the contract that is the subject of Docket No. CP2010-71, which serves as the baseline agreement for the GEPS 3 product grouping. The benefits of the contract to the Postal Service are comparable as well. Therefore, the Postal Service submits that the contract is functionally equivalent to the contract that is the subject of CP2010-71 and should be added to the competitive product list as a GEPS 3 contract.
